MEETING MINUTES

Date:	29/09/2026
Meeting with:	Susmita Sharma, Devi Maya, Pooja Tiwari, Jenish Gurung
Purpose of Meeting:	Final review of business requirements, documentation, and preparation for the final presentation
Next meeting Date:	06/10/2026
Time/Location:	4:00 PM / CDU Campus

Key notes Decisions

• Reviewed the current project progress and confirmed that the business requirements remain aligned with the developed Trip Recommendation Website.

• Reviewed the user stories and acceptance criteria to ensure they are clear and relevant to the final system.

• Discussed any remaining requirement issues and agreed that unclear points should be clarified before the final presentation.

• Reviewed the Business Requirements Document and other BA documentation for completeness.

• Discussed the final presentation structure and the key business analysis work that needs to be presented.

• Agreed to prepare relevant screenshots and evidence of requirements, user stories, and project progress for the presentation.

• Confirmed that all members will review their assigned presentation sections before the final meeting.

Action items

• **Susmita Sharma:** Complete the final review of requirements, user stories, acceptance criteria, and BA documentation.

• **Devi Maya:** Review project documentation and help identify any missing or unclear requirements.

• **Pooja Tiwari:** Review the presentation content and prepare supporting screenshots/evidence.

• **Jenish Gurung:** Review the final project information and assist with presentation preparation.

• All members to review the final presentation and practise their allocated speaking sections.

Notes

• The project is approaching completion, and the final presentation is scheduled for the following week.

• The BA team discussed the importance of ensuring that the final documentation matches the implemented system.

• User stories, requirements, and acceptance criteria were reviewed as part of the final BA check.

• The team agreed to communicate any remaining requirement changes before the final presentation.

• The main focus for the final week is completing documentation, preparing evidence, and presenting the BA work clearly.

Next steps

• Complete the final review of requirements and user stories.

• Finalise BA documentation and supporting evidence.

• Prepare screenshots for the final presentation.

- Practise the assigned presentation sections.
- Conduct a final team review before the presentation.
